HBMA Members by Company Size

Large or small, specialized or diverse, our members’ clientele is comprised of about 60% hospital based physicians, 30% office-based physicians, and about 10% allied healthcare providers.

About the Healthcare Business Management Association
As a non-profit, member-led trade association, HBMA represents over 47,000 employees at nearly 500 revenue cycle management firms. Founded in 1993, HBMA fosters personal development, advocates on the behalf of the medical billing profession, and promotes cooperation through a wide range of business resources, educational events, networking opportunities, certification programs, and enforcement of the Medical Biller’s Code of Ethics.
What Are Attendees Looking For?

Healthcare is generally slow to adopt new technologies and processes. This group cannot be slow. Attendees are constantly seeking ways to improve their efficiency, productivity, technical, and operating skills, in an effort to serve and anticipate their clients’ needs, and to extend their outreach.

HBMA members represent nearly 80% of claims submitted by third party medical billing companies on behalf of providers.
